The screenshot shows the OvidSP search interface. At the top left, the logos for Wolters Kluwer Health and OvidSP are visible. Navigation links include 'Database Field Guide', 'Display Knowledge Base', 'Help', and 'Logoff'. A 'Change Database' link is circled in blue. Below the navigation bar, there are links for 'Your Journals@Ovid' and 'All Journals'. A 'Search History' section shows '(0 searches) (Click to expand)' and a 'View Saved' button. The main search area has a 'Search' tab and a 'PsycINFO' link circled in green. The search options include 'Basic Search', 'Find Citation', 'Search Tools', 'Search Fields', 'Advanced Ovid Search', and 'Multi-Field Search', with 'Basic Search' circled in red. The search input field contains a question mark icon and the text 'Enter your topic or question in ordinary English.' Below the input field are checkboxes for 'Check Spelling' and 'Include Related Terms'. The 'Limits' section includes checkboxes for 'Full Text', 'Latest Update', 'Abstracts', 'PsycARTICLES Journals', 'Human', 'All Journals', and 'English Language'. There are also 'Publication Year' dropdown menus and 'Additional Limits' and 'Edit Limits' buttons. On the right side, there is an 'OvidSP Tips' box with the text: 'In Basic Search, results are ranked by relevancy based on the search terms.' and the website 'www.ovid.com'. At the bottom left, the copyright information reads: 'Copyright (c) 2000-2008 Ovid Technologies, Inc. Version: OvidSP_UI02.00.03.102, SourceID 37507'.

Abstract: The purpose of this pilot study was to evaluate the effect of a weekly multiplayer class on the **motivation** of **children** aged 9-12 years to play an interactive dance simulation video game (IDSVG) at home over a period of 12 weeks. A sample of 27 **children** was randomly assigned to (1) a home group instructed to play the IDSVG at home; (2) a multiplayer group instructed to play the IDSVG at home and to participate in a weekly IDSVG multiplayer class. Participants were asked to play the IDSVG as often as they liked and report the playing time daily on a calendar for a 12-week period. **Motivation** to play was assessed by the playing duration of IDSVG in minutes and the dropout during the study. Mean age of the 16 **children** who completed the study was 10.6 0.8 years. During the 12-week intervention period, the multiplayer group played approximately twice as many minutes (901 min) as the home group (376 min, $p = 0.13$). Dropout was significantly ($p = 0.02$) lower in the multiplayer group (15%) than in the home group (64%). Our findings suggest that multiplayer classes may increase **children's motivation** to play interactive dance simulation video games. (PsycINFO Database Record (c) 2008 APA, all rights reserved) (journal abstract)

Key Concepts: **motivation**, **children play behavior**, **active video game**, **dance simulation video**, **physical activity**

The screenshot shows a search interface with a 'Multi-Field Search' tab. It features a table with three rows of search criteria. A blue circle highlights the 'AND' operators in the first column. A red circle highlights the search terms 'child*', 'motivation', and 'emotion*' in the second column. A green circle highlights the field selections 'Title', 'Subject Headings', and 'Subject Headings' in the third column. A green arrow points from the 'Subject Headings' field in the second row to a dropdown menu on the right. The dropdown menu lists various search fields, with 'Location' currently selected and highlighted in blue. Below the search table, there is a 'Search' button and an 'Add New Row' button. At the bottom left, there is a 'Limits' section with a 'Click to expand' link.

Operator	Search Term	Field

Zoeken in meerdere databases

Het is mogelijk om meerdere 'ovid' databases tegelijkertijd te doorzoeken
- op startscherm, links bovenaan kies je 'change database'

The screenshot displays the Ovid search interface. At the top left, the navigation menu includes 'Change Database', 'Your Journals@Ovid', and 'All Journals'. The 'Change Database' link is circled in red. Below the navigation menu is a 'Search History' section with '(0 searches) (Click to expand)' and a 'View Saved' button. The main search area is titled 'Search' and includes a 'PsycINFO' label. The search options are: 'Basic Search', 'Find Citation', 'Search Tools', 'Search Fields', 'Advanced Ovid Search', and 'Multi-Field Search'. The 'Basic Search' section contains a text input field with a question mark icon, a 'Search >>' button, and two checked checkboxes: 'Check Spelling' and 'Include Related Terms'. Below this is a 'Limits' section with '(Click to expand)' and several unchecked checkboxes: 'Full Text', 'Latest Update', 'Abstracts', 'PsycARTICLES Journals', 'Human', 'All Journals', and 'English Language'. At the bottom of the search area, there are 'Publication Year' dropdown menus and two buttons: 'Additional Limits' and 'Edit Limits'. The footer contains copyright information: 'Copyright (c) 2000-2008 Ovid Technologies, Inc.' and 'Version: OvidSP_UI02.00.03.102, SourceID 37507'.

The image shows a search interface with a light blue header bar containing the word "Search". Below the header is a navigation bar with tabs: "Basic Search", "Find Citation", "Search Tools", "Search Fields", "Advanced Ovid Search", and "Multi-Field Search". The "Basic Search" tab is active. Below the navigation bar is a search area with a text input field containing "child* motivation" and a "Search" button with a magnifying glass icon. To the left of the input field is a question mark icon and the text "Enter your topic or question in ordinary English." Below the input field are two checked checkboxes: "Check Spelling" and "Include Related Terms". At the bottom left of the search area is a link "Limits (Click to expand)". In the top right corner of the search area, the database names "ERIC, PsycBOOKS, PHIL, PsycINFO" are listed and circled in red.

Bij de resultaten wordt vermeld in welke database het artikel / boek ... gevonden werd
